## Ty Causey

Indiana Producer, Singer/Songwriter and Performer, Ty Causey appeared on the music scene in the late 1990's as a vocalist for smooth jazz saxophonist Najee. Causey co-wrote and performed on Najee's 1998 Morning Tenderness CD; which landed him the opportunity as the featured performer on Najee's World-Wide Tour.

Ty has shared the stage with many notable artists such as: Joe Sample, Norman Brown, Pieces of a Dream and many more. Inspired to release a solo project on his own, Causey tested the tricky waters by releasing his full length debut album "N-TYSING" in 2004. The project featured Najee and bassist Nelson Braxton of the jazz duo The Braxton Brothers. The album was released under Ty's own independent record label TYVONN RECORDS. The project drew enthusiastic reviews and found its way to radio playlists in both the US and abroad, including the UK, Japan and Germany. Many of Ty's releases have hit the top three spots on the UK soul chart top 30 earning him the name "MR. CONSISTENT". Since that time, Causey has released nine acclaimed follow-up projects that encouraged nominations for male vocalist of the year. Ty's most recent CD, Cause & Effect has once again landed him a nomination for Male vocalist of the year for 2015 from leading on-line soul music site SOULTRACKS.COM.

The music style of Causey is a combination of Smooth Jazz, Sensual Classic Soul and R&B. Ty's silky smooth vocals and deep lyrics compliment the soulful melodic production of his music. This style of music has been very challenging for Ty due to the upswing of other styles of music such as Hip Hop and Neo Soul, but his passion for Classic R&B and Jazz has inspired him to stay true to himself and the music lovers who crave the same Classic R&B, Soul and Jazz.

Ty continues to record new projects and performs with his band opening up for R&B and Smooth Jazz artists such as: Boney James, Babyface, Peter White and many other independent artists like himself.

Causey has been defined as one of the finest vocalists on the Soul and Smooth Jazz scene and a talent still on the rise.
